

LOCAL ROOTS CHAMPION

Copy and paste this text to share with friends and coworkers

Hey!

I've been getting my weekly groceries from local farmers through the Local Roots CSA and wanted to tell you why I love it.

1. It's convenient and fun because i pick up at a neighborhood bar.
2. I've been eating healthier and cooking more with food that's straight from the farm - the vegetables are harvested the day before so it's packed with flavor
3. I can also get eggs, cheese, meat, and other staples through this CSA.

We can both get \$10 to use towards the CSA if you order a vegetable share Just enter my name at checkout and they'll email us a code to use for a future order.

Let's swap recipes and throw dinner parties together this summer! Order on their website and find the closest pick up location:
